

City of Palms Fellowship

OUR VISION

As friends of the Lord Jesus we press on for the higher calling of God as found in Philippians 3:14.

Our fervent desire is to build the House of the Lord amongst ourselves, free from the constraints of false religion, denominations, the mindset of the world, or man's thoughts and traditions (Psalm 127:1).

For this reason the elders share a collegiate style ministry of oversight. We have no Committee or Board, no membership roll, no annual general meetings, no constitution or democratic voting.

Instead we aim to follow the New Testament pattern of having a plurality of elders who serve, love and help guide the local gathering of believers.

It's our yearning to make Jesus Christ central and supreme in all we do.

Part of our calling is to be Apostolic so we go to minister wherever the Spirit leads. At present we support work in India and Nepal, and regularly send apostolic outreach teams to edify the brethren there.

Our way of meeting is based on the New Testament as found in Acts 2:42 and is flexible enough to allow us to meet when, where and how, according to the direction of the Holy Spirit.
